

## Making a difference in our community

GRIC hosted its fifth annual fundraiser on Parliament Hill on November 24, 2011. This year, we raised over \$23,000 for the United Way/Centraide and Ottawa's Youth Services Bureau. These organizations work tirelessly throughout the year to ensure that those in need in Ottawa get much-needed support. We see evidence of their efforts everyday in crisis hotlines, after-school programs, residential housing, and employment initiatives. Without these organizations, our community would be much less than it is today, and it's important to support their efforts on our behalf. This year's event takes our fundraising total to almost \$75,000 in five years!

Senators Dawson and Di Nino were on hand again to conduct a spirited auction for prizes that included the latest tech-gadgets, golf packages, Sens tickets and a fine bottle of Scotch. A very special thanks to our event sponsors, whose generosity makes this event such a success.
